

REMARKS:

- 1) Entry of this Amendment After Allowance is respectfully requested. This Amendment is being submitted together with payment of the Issue Fee. This Amendment involves merely the correction of minor formal matters in the specification and in only 2 claims without changing the scope thereof. Particularly, a few minor grammatical errors and an error in a reference number have been corrected. The Examiner thus has authority to enter this Amendment in accordance with M.P.E.P. 714.16.
- 2) The present formal or editorial amendments are needed for correctly disclosing the invention (e.g. with proper conformance of the reference numbers in the specification with the reference numbers in the drawings). Moreover, entering these amendments will require no substantial amount of additional work on the part of the USPTO. The amended text portions are shown above and are not extensive. These text portions merely need to be scanned in or otherwise entered into the official file. Thus, entry of the Amendment After Allowance is appropriate.

Respectfully submitted,
